Bachelor of Computing (2022 – Current)

Belgium Campus ITversity, Pretoria

Key Subjects: Software Engineering, Web Programming, Database Development, Software Testing, Information Systems, Programming, Project Management, Innovation & Leadership.

Latest Weighted Average: 67.8%

Matric Certificate (2015)

Mathematics: +80%

Physical Sciences: +80%

Geography: +80%

Life Sciences: +90%

PROJECTS AND EXPERIENCE

Final Year Project: Machine Learning (2024)

- Implemented a model to predict outcomes based on energy data inputs.
- My focus was on the front-end, where I designed and implemented intuitive user interfaces that visualized energy data trends and model predictions in real time.

Part-Time Assistant (Ostrivox Pty Ltd)

- Supported internal documentation and light technical support under guidance of supervisor.
- Maintained consistent routines and time management while balancing studies.
